"Mecca" of Dahlia Lovers. More than 10,000 visitors weekly at the World's Largest Dahlia Farm

A GAIN we come to you, with thanks for your generous patronage in the past, and assurance that we will give as near 100 per cent. efficiency as is possible in the future. On the following pages will be found THE PLAIN TRUTH, about THE WORLD'S BEST DAHLIAS. Large, very large, medium or small, together with color, form, or other characteristics, as we see it here, will be set forth.

We are glad to note the craze for size alone has about run out. A Dahlia now must have more than size to commend it. Of course we all like to exhibit a flower larger than ever before shown, but, nothing can take the place of those brilliantly colored beauties, or those exquisitely formed, delicately tinted, medium or even small sized flowers, with good stiff slender stems, that lend themselves most admirably to all kinds of decorations—garden, home, hall, business establishment or personal adornment. For after all it is only natural to love the beautiful and artistic, rather than the Bizarre. We may like the elephant, but we love the horse.

THE PEACOCK DAHLIA FARMS ARE THE LARGEST IN THE WORLD and have the largest and best equipped warehouse and storage cellar, a section of which is shown above. It contains 11,288 sq. ft. of floor space and 125,420 cubic feet of space. It is built of concrete, with an electric light plant attached, and a heating plant located 75 ft. away.

OUR MAIN FARMS are located at Williamstown Junction, on the Atlantic City branch of the Reading R. R., Ferry foot of Chestnut Street, Philadelphia, also one mile south of the famous White Horse Pike from Philadelphia to Atlantic City, also 2½ miles by direct road from Berlin.

We cordially invite all to visit and see for themselves the LARGEST DAHLIA FARMS IN THE WORLD—THE HOUSE OF THE WORLD'S BEST DAHLIA.

ORDER EARLY It will greatly facilitate shipments if orders are sent in early. We aim to send out orders the same or the next day after receipt, but during the rush season this is impossible—hence the advisability of ordering early.

Guarantee. We guarantee every plant, bulb or root sent out by us to be just as represented, absolutely true to name, reach destination safely in perfect condition, and prove entirely satisfactory; we will cheerfully replace any that should prove otherwise.

Terms. Cash with order. Remittances may be made by Bank Draft, Post Office or Express Money Order, or Registered Letter at our expense and our risk.

Forwarding. Dahlia Roots and Plants are sent by mail postpaid at prices named herein; but larger stock will be sent by express, charges collect, and "Extras" are added to help cover charges. Dahlias are billed at "2nd class" rates and in most cases are one-third ($\frac{1}{3}$) or 33½ per cent. less than regular merchandise rates.

Errors. While we exercise every care, errors may occur occasionally. In such a case kindly notify us at once, and correction will be promptly and cheerfully made.

Name and Address. Be sure and write name and address plainly on each order or communication.

DAHLIAS FOR 1921

Once more we have added many new and improved varieties to our list, but have discarded still more, keeping in this way always our high standard—THE WORLD'S BEST DAHLIAS.

Classification and Culture

We will send free on request our pamphlet on culture and classification.

New Book "The Dahlia"—Fifth Edition

By Lawrence K. Peacock, 80 pages, $7\frac{3}{4}$ by $10\frac{3}{4}$, beautifully illustrated. Fifth and revised edition. A practical treatise on its habits, characteristics, culture and history by one who for 36 years has never failed to have a crop of the finest blooms, in their season regardless of conditions. Price, 50c. postpaid. FREE on request with all orders amounting to \$5.00 or more.

QUEEN ELIZABETH This new Paeony Dahlia shown in color on the front cover page is the highest type yet produced in this class. Note the wonderful formation of the curled center petals, which completely cover the center. This illustration is reproduced from a photograph of a flower over 7 inches across. The color is a beautiful rosy mauve. The large flowers are facing, on very long ($2\frac{1}{2}$ to 4 ft.) stems, slender, yet stiff, holding the flowers erect. The plant is a very clean, strong grower and free bloomer, every shoot produces a flower. It is a variety that just will bloom. A flower that should be in every collection. Valuable for cutting, exhibition and the garden. Roots, \$1.00 each.

GOLDEN WEST CACTUS See color illustration on last cover page, reproduced from a photograph. This is a California variety that is **in a class by itself**, in its color—that **rich golden, bronzy yellow, with the scarlet shading** at the base of the petals and the center. It is a wonderful grower, strong and sturdy, with heavy, clean healthy leaves, and branching habit, producing the large flowers freely on long stiff stems. The flower is large, 6 to 8 inches across, the outer petals reflexing somewhat, and a full high center, making it very deep. It is the greatest seller as a cut flower, a winner for exhibition and a wonder as a garden plant. Should be in every collection. Price, roots, \$1.00 each.

SPECIAL OFFER. We will send one root each of **Queen Elizabeth** and **Golden West Cactus**, prepaid for \$1.75.

NEW INTRODUCTIONS OF 1921

CHARLES LAWRENCE One of our new Florida productions, No. D. 2. This is the immense rich crimson decorative that attracted so much attention the past two years, at our farms, and at our exhibitions, at Wanamaker's, in Philadelphia. Color, full crimson, richly shaded. Size, 7 to 8 inches across and 3 to 4 inches deep; of great substance and a good keeper. It is of splendid form, with full high center, and as it develops, the outer petals reflex to the stem.

A wonderfully strong, vigorous grower, of branching habit, with dark glossy green foliage, showing its rugged constitution. The giant flowers are produced, freely and continuously, on long erect stems, with the flowers facing boldly. Height, 5 feet. Stock limited. Strong roots, \$10.00 each.

MARY STEFFENSON This is F. 1941, and another of our Florida productions, that has elicited the most profuse admiration and praise. A new creation in form and coloring—nothing like it—even the buds are distinctive, being very long, slender and pointed, with a cluster of long green bract to protect them. It is a cross of Fantasie (offered by some as Mme. Butterfly) and Mrs. J. Harrison Dick. With its free blooming, on long slender, but stiff, yet graceful, stems, it is, without doubt, the most delicately lovely dahlia grown today.

We give the description, written by one of the most critical dahlia experts:—"Color, at base, citron yellow; outer half creamy white; both yellow and white mottled and overspread with rosolane pink. Many petals showing faint yellow along mid-veins. All dusted over with tiny glistening crystal-like particles as of gilt. Form full and graceful, something like Bertha von Suttner. Size, $5\frac{1}{2} \times 2\frac{1}{2}$. Petals recurved, acuminate, none cleft. Edges generally rolled in slightly. Many tips twisted and whorled. Bloom, facing on cane stiff stems, well above foliage. One of the best of them all." Height, 5 feet. Stock limited. Roots, \$10.00 each.

PATRICK O'MARA This sensational new decorative variety was awarded a Gold Medal by the American Dahlia Society, as the best Autumn shade variety in existence. The color is an unusually soft and pleasing shade of orange-buff, slightly tinged with Neyron rose. It is very large, 7 to 9 inches in diameter, and borne on long strong erect stems. It is a strong vigorous grower and free bloomer. The giant flowers are well formed, with good full center, while the outer petals are most pleasingly irregular. Strong plants, spring delivery, \$10.00 each.

JAMES WELLER (Century). The finest of all single Dahlias, of largest size and the most beautiful color combination—a rich golden yellow, with one-third of each petal overlaid soft rosy red. The two colors blend most harmoniously and are very effective. The big flowers are produced freely on long stiff stems, and are remarkably long keepers. This variety is most striking and effective, and is one of nature's masterpieces. Height, 5 feet. Strong roots, \$2.00.

KATHERINE DE LA MARE (Decorative). A new variety we have been growing for commercial cut flowers, and are now offering for the first time. Color is clear yellow at base of petal, passing to primrose, overlaid and suffused pink, shading to rose at the tips of the outer petals. The flowers are of beautiful form and quite large, about 6 to 8 inches, and are produced on long erect stems, facing. A strong vigorous, branching, upright grower. A fine all-around exhibition, cut flower and garden variety that we cannot recommend too highly. Height, 4 feet. Roots, \$2.00 each.

KITTY DE LA MARE (Decorative). One of, if not the most profuse blooming of the class. A cross between Katherine De La Mare and a primrose seedling. It is similar to the above, but medium in size (4 to 5 inches) and always full to the center. It is a very strong, vigorous grower, very branching habit, producing flowers of medium size and lovely primrose tinged pink color on long stiff stems in the greatest profusion. For all kinds of cut flower work or for the garden it cannot be excelled. It is undoubtedly the finest growing plant we have ever seen and will produce more perfect long stemmed flowers during the season than any other Dahlia. Height, 5 feet. Roots, \$2.00 each.

NANCY ALDEN (Decorative). Raised by and named after a direct descendent of John Alden, and is characteristic of the puritan maiden; light pink, suffused deep pink. The pink shades are clear and the flowers are held erect on long stems. A remarkably free bloomer and one of the very earliest to bloom. It has been grown exclusively for cut flowers for several years, and is now being offered for the first time. Height, 4 feet. Roots, \$1.00 each.

ROBERT SHEPPARD (Decorative). This is our D. 1, that has been admired so much for its many all-around good qualities. Color is ruby red, shaded and suffused maroon—a color entirely distinct. Flowers are large, 7 inches and more across, produced freely on long graceful stems. It is an early and continuous bloomer. Height, 5 feet. Roots, \$2.00 each.

SEMINOLE (Decorative). F. 1932, under which number it was greatly admired the past season. Color is a soft dark velvety cardinal, one of the richest shades, and is covered with a glistening sheen. Flowers of fine form, full center and outer petals reflex, inner petals are slightly rolled in, pointed, some are twisted and whorled. A fine growing plant and a profuse bloomer, facing, on cane stiff stems, held well above the foliage. Height, $3\frac{1}{2}$ feet. Roots, \$2.00 each.

TYRREL AUSTIN (Paeony). This giant new variety is a seedling of the well-known F. R. Austin, but is entirely distinct, being larger, entirely distinct in color and formation. Size 7 to 9 inches. Color, outer petals a rich carmine red, inner petals are beautifully blended and veined carmine, shades of yellow and pink. The petals are twisted and whorled in a most pleasing manner. An early and profuse bloomer and strong vigorous grower. A great acquisition. Height, 5 feet. Roots, \$3.00.

SPECIAL OFFER. One each of the preceding 10 wonderful new Dahlias now offered for the first time, by parcel post, prepaid, for \$40.00.

Gladys Sherwood is undoubtedly the largest white Cactus Dahlia in existence. Now offered for first time at \$5.00 each

Hybrid Cactus Dahlia, "BIANCA." (See description below)

New and Rare Cactus Dahlias

This collection embraces the World's Best Cactus Dahlias. Not only the largest size but all types and good growers and bloomers. Our stock is not only true to name but true to type.

BIANCA. A magnificent new hybrid cactus that is in a class by itself, of giant size and splendid form. (See illustration.) The color is white, suffused and overlaid an exquisite soft mauve pink. A strong vigorous grower of splendid habits and a very free bloomer. The gigantic flowers are facing and held erect on long stiff stems. . . . \$1.00

BLENDA. Rich crimson, shaded maroon, pinkish white at base of petals. Flowers are large with long narrow incurved petals. A strikingly handsome flower that should be in every collection.50

Bridal Robe. One of the very best white cactus for all purposes. Flowers are very large, of great substance and keeping qualities. They are produced on long stiff but graceful stems. Flowers are from 6 to 8 inches across with great depth. A strong vigorous grower and continuous bloomer.50

CREPUSCLE. Yellow, shaded deep orange. The flowers are very large, of good form and a very profuse bloomer for so large a flower. The plant is a strong vigorous grower of medium height and a very reliable and continuous bloomer.50

CRYSTAL. One of the very finest, clear soft pink cactus. Flowers are of large size with long narrow incurved petals and full centres. A strong vigorous grower and profuse bloomer. An excellent variety for exhibition and garden. (See illustration, page 4). \$0.75

BLOEMHOVE. Another immense flower that attracted attention. Similar in form to Bertha Van Suttner, but a beautiful clear lilac rose color. The plant is a sturdy and extremely profuse bloomer. The form is beautifully irregular with long reflex petals, resembling a huge broad leaved, reflexed chrysanthemum.	1.00	FANTASIE. A new acquisition that promises to become a universal favorite. The flowers are very large, exquisite form and coloring. The color is entirely new and distinct, being salmon shaded blue. It is a very profuse bloomer.	1.50
Berch von Heemsteede. Pure yellow, suffused a golden bronze; petals beautifully twisted and whorled, large and fine.	1.00	Fireburst. A massive flower, soft orange red, a free bloomer, fine for garden or exhibition.50
BREAK O'DAY. A new giant flowered Dahlia that should be in every collection. Its immense size is relieved by a beautiful irregular formation and its soft color. A delicate clear sulphur yellow, tinting to sulphur white at the tips. The petals are of great substance, illuminated by a satiny sheen, giving the flowers a waxy appearance. A strong vigorous grower and free bloomer with long erect stems. An acquisition.	1.00	Glorie Lyonnaise. Very large, yellow suffused and tipped scarlet, profuse bloomer.	1.00
Challenge. A very striking new decorative. Flowers large, yellow at the base, shading to bronzy red, tipped rich velvety oriental red. A fine grower and a good bloomer.	1.00	GOLDEN WEST DECORATIVE. A big clear yellow decorative of close formation, with cleft petals. A strong vigorous grower and a free bloomer, producing the flowers on long erect stems. One of the finest for exhibition, cutting and the garden.50
		GOLDMINE. The ideal pure golden yellow decorative Dahlia. Large, perfect form, with full high centre and a profuse bloomer on stiff stems. Very early.50
		Harmony. Color very similar to Wodan; mauve rose with golden suffusion, good form and habit of growth.50

What Others Say

The "F. R. Austin" Blooms Continually.

BUFFALO, N. Y., November 10th, 1920.

PEACOCK DAHLIA FARMS, INC., Berlin, N. J.

GENTLEMEN:—Early last Spring I ordered from you a selection of dahlias and also purchased your Dahlia Book, and followed instructions accordingly. I am simply writing to advise you that I have had very satisfactory results. I cut the first bloom of the "F. R. Austin" July 10th, and the last one on October 15th. It bloomed continuously. In fact all that you sent me were continuously in bloom and I still have a few blooms in the house at this date. I have had them as large as $7\frac{1}{4}$ inches in diameter, and they were admired by a great many people.

Although I have not very much space I shall order a few more varieties next Spring.

Very truly yours, H. F. KEITSCH.

"The Dahlia"—The Only Thorough Book.

OKLAHOMA CITY, OKLAHOMA.

PEACOCK DAHLIA FARMS, Berlin, N. J.

MY DEAR MR. PEACOCK:—"The Dahlia" fifth edition arrived and has been read from cover to cover and to say I am charmed with it puts it mildly. It is the only really thorough book on Dahlia Culture that I have been able to get. Thank you very much. The dahlias from you are coming up nicely.

WHAT OTHERS SAY

Says Peacock's Bulbs are the Best Bulbs.

BRONX, N. Y., February 17, 1920.

PEACOCK DAHLIA FARMS, INC., Berlin, N. J.

DEAR SIR:—I feel I owe the Peacock Dahlia Farms a few lines to show my appreciation for your valuable book "The Dahlia" which I received from you two years ago. For 18 years I have grown Dahlias for pleasure with a certain amount of success. But with the bulbs and book bought of you, I last year grew them to exhibition size, some 8 inches across with stems $26\frac{1}{2}$ inches long. There is but one book "The Dahlia," and the best bulbs are from Peacock Dahlia Farms.

Very truly yours, JOHN BRANDUM.

OFFICE OF THE COUNTY TREASURER.

PITTSFIELD, MASS.

PEACOCK DAHLIA FARMS, Berlin, N. J.

GENTLEMEN:—The box containing the dahlias, which you sent me, received yesterday. I hasten to return thanks for your liberality in exceeding the number that I expected and for such promising roots.

I was led to begin the cultivation of dahlias from the purchase of Mr. Lawrence K. Peacock's first edition of his book "The Dahlia" some thirty years or more ago, and soon after the sending to him an order. Each season since I have continued with varying success.

Yours truly, HENRY A. BREWSTER.

DEAR SIR:—I beg to acknowledge receipt of the Dahlia Roots by Parcel Post, and wish to say it is a pleasure to do business with a house like you.

Very truly, C. J. HOLMAN.

Thinks Our Farms Worth Visiting.

JENKINTOWN, PENNA., November 9th, 1920.

PEACOCK DAHLIA FARMS, Berlin, N. J.

GENTLEMEN:—Kindly send me catalogue of your dahlias. I visited your place November 7th. It is a most wonderful sight. I wish to order more bulbs to be sent along with order placed while at the farms.

Very truly, MRS. H. R. STOOPS.
